Allowable Subject Matter

1. Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art does not teach that, the connection of member connects to hollow processed portion and the connection member has a space functioning as an impedance transformer or a whip antenna passing through a center is installed after the second helical antenna is installed and the covering member is insert molded or a whip antenna is installed at an assembly formed after the covering member is inserted molded or a third helical antenna installed at the end of one side of the whip antenna recited in combination with limitations of steps in independent claims 1, 4, 5, 6, 10 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Citation of relevant prior art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sutter et al (US 6,262,693) and Marthinsson et al (US 6,057,807) are cited to show an antenna assembly.
